HOW TO MAKE MONEY IN THE MARIJUANA STOCK MARKET THE NFL DRAFT, RANDY GREGORY, POT

- ▶ I am at the Hemp Convention in Portland. I will be speaking tomorrow.
- ▶ The NFL Draft and Combine is one of the most publicized events in all of sports.
- ▶ Draft positions determine dollar contracts. Big money. Big Hype.
- ▶ Randy Gregory, line backer from Nebraska was a sure bet to be drafted in the top 10.
- ▶ News came out that he is a confirmed marijuana smoker. He failed the drug test at the Combine and failed two drug tests at Nebraska. He fessed up. He had to.....says he is a new man.
- ▶ Gregory says he stopped in December, but that THC was still in his system during the Combine in March 2014.
- ▶ He got caught. Pot is a big time no-no in the NFL. The NFL has its reasons. Maybe they know something that the recreational marijuana industry does not know or denies.
- ▶ Does THC stay in the system for 3 months? Good question. Either Gregory was lying or he smoked some strong stuff.
- ▶ The recreational industry hypes that today's THC is ok. Is it?
- ▶ Two will get you one that Gregory is addicted. He will not stop smoking and cannot stop.
- ▶ Yet proponents of THC say that pot is not addicting, and that it is no different from 30 years ago. It is just fine.
- ▶ Tell that to the NFL.
- ▶ Tell that to the future team that drafts Gregory.
- ▶ Tell that to the Marines.
