HOW TO MAKE MONEY IN THE MARIJUANA STOCK MARKET

CANNABIS SCIENCE, INC. CBIS AND THE CANNABIS/MARIJUANA STOCK MARKET

- ▶ CBIS is trading at its 52 week low range (\$0.0492). Volume is good. It always is. One year ago the marijuana stock market reached its 2014 high. CBIS hit its 52 week high price of \$0.20 cents a year ago.
- ▶ There are very few concerns regarding the medical marijuana industry. It is here to stay. CBIS is at its forefront in massive markets. The company is a foundation at the heart of this industry.
- ▶ There are many positives about CBIS stock, not the least being its volume. The stock has held relatively well since the beginning of 2014. Average 4.5 million share volume tells investors that many people know CBIS, follow it, and value its business model. Its story, however, has never been told in this detail. It is a very good learning experience.
- ▶ Today marks the first time that the marijuana stock market is down 25% as measured by the 275 company Cohen Grassroots Marijuana Index. Compared against the Dow, Nasdaq, Russell 2000, this market has been absolutely crushed.
- ▶ We at Cohen Grassroots Research have had the privilege and learning experience in writing our 115 page initiate coverage report. The entire CBIS team was more than helpful.
- ▶ I have personally known the key people in the company for 3 years. They invited me to Oregon for the Patients out of Time conference that they sponsored.
- ▶ CBIS management is truly a team effort. Communication between management is outstanding, as is their experience and brain power.
- ▶ Our 115 page report can be accessed on our two websites: www.cohengrassroots.com and www.cohenresearch.com.
- ▶ There has never been anything like our report written on a public company in the cannabis/marijuana industry. Its quality, depth and academic securities analysis is the Gold Standard of this industry. We urge you to read it in full. You will learn a lot about CBIS and the science of cannabinoids.
