HOW TO MAKE MONEY IN THE MARIJUANA STOCK MARKET ISSUE #4: SUB SECTORS: HUGE UPSIDE PAZOO PRICE MOVE

- ▶ We have interrupted our Issues to include Pazoo common shares.
- ▶ Events happen quickly in the stock market. We have reacted to Pazoo common.
- ▶ Our 275 company Cohen Grassroots Marijuana Index is now down 15% for the year of 2015.
- ▶ Making money in this stock market is difficult at best.
- ▶ It is not impossible. When a rare opportunity presents itself, we will react to it as we have with Pazoo.
- ▶ We identified Pazoo as the most undervalued stock in the marijuana stock market. At \$0.0071 cents of from \$0.04 cents recently, we let notified our subscribers why convert selling had crushed Pazoo common shares.
- ▶ At \$0.0042 cents in my view, Pazoo common was an absolute give away.
- ▶ Ours was a excellent call. The stock hit \$0.0075 cents today just a few days after its move from \$0.0042 cents. It actually touched \$0.0040 cents.
- ▶ There are very few doubles in this stock market. We are close to a double in just a few days. At this time our initiate coverage IR research report projected an \$0.14 target price.
- ▶ With a recent \$0.04 cent price, Pazoo's upside is outstanding. It will take a near term time period for all or most of the convert shareholders to convert and sell their shares into the market.
- ▶ At such time it looks to me like Pazoo common can return to its fair value of \$0.03 or \$0.04 cents a share. It is not a sub penny stock in my viewpoint. That would be a huge percentage move upwards.
