PAZOO UP IN PRICE ALMOST: 400%

- ▶ Pazoo (PZOO) closed today up almost 400% at \$0.0160. This stock rise has happened over the past few months. We started our newsletters at \$0.0040 cents.
- ▶ Patient investors have been rewarded.
- ▶ We felt Pazoo common stock would return to its normal trading levels of about 2 to 3 cents.
- ▶ The stock is still on its way.

- ▶ But before we congratulate ourselves there is still important research work that must continue.
- ▶ Were we lucky? Not really. We did our homework, our research and were patient long term investors.
- ▶ Newsletter #133 discussed why trading in the penny stock market does not work.
- ▶ There is no substitute for dirt under your fingernails hard core research.
- ▶ While we are an IR Wall Street research firm, any investor who took his/her time could have spotted the potential of Pazoo.
- ▶ We were able to dig into the company in depth, yet the investment thesis was always there.
- ▶ We have been unable to find another Pazoo at this time. We are looking. We will let you know if we do.
