HOW TO MAKE MONEY IN THE MARIJUANA STOCK MARKET

TRUMP AND RUBIO ON MARIJUANA

Donald Trump was interviewed last night. He spoke of recreational and medical marijuana.

He is pro medical marijuana.

Trump is not a sensitive man. I was surprised that he is sensitive to those in need regarding pain.

He appeared to be somewhat negative regarding recreational, but has not taken a position.

Marco Rubio is dead against recreational

He is open to medical.

Rubio's position is that recreational is only another drug that disempowers society.

He stated that he could not see recreational marijuana helping society.

It seems that Hillary Clinton is much more tolerant to both recreational and medical.

The bottom line at this time seems to be that Trump will be the GOP nominee unless he slips badly. The results in New Hampshire showed him winning in every electorate group. His appeal is broad based. To me it is amazing.

Bernie Sanders has an outside chance to upset Clinton. If so, I don't see Sanders beating Trump in a national election. I do think Clinton can beat Trump but it is not a slam dunk by any means.

I don't know of anything worse than Donald Trump's becoming President of the United States. It is a scary scenario. Marijuana might become a political football for both parties in the upcoming November elections.
