## HOW TO MAKE MONEY IN THE MARIJUANA STOCK MARKET TRUMP AND CHRISTIE

There is little doubt in my mind that Donald Trump has made some kind of a deal with Governor Christie.

I would think it would be a position in a Trump cabinet of some sort.

Christie was the most vocal Presidential candidate against cannabis of any of the original 17 candidates.

He was quoted as simply saying, "I would invoke Federal law".

End of story.

If Trump does get in, it is clear to me that Christie's voice will be loudly heard regarding cannabis.

Trump is on record favoring medical marijuana.

However, Christie could swing Trump the other way.

Trump may play both sides of the political deck, and probably would in the case of marijuana.

It will be interesting to see what effect Christie has on Donald Trump politically.

Whatever that influence might be, it is not a plus for the cannabis industry.

It appears to me that the GOP Establishment has acted against Trump with too little, too late.

March 15, 2016 was a watershed day in the history of the USA. Trump will be hard to stop.
