HOW TO MAKE MONEY IN THE MARIJUANA STOCK MARKET

SUPER TUESDAY AND POT

The conclusion after Super Tuesday is that Clinton will win the Democratic nomination.

In my view, it makes perfect sense for Bernie Sanders to stay the course.

If Clinton goes to Court, Sanders could win the nomination de facto. I do not know what the odds are on this.

If Sanders somehow gets the nomination, I would think he would lose 45 states or so. Socialism is out in the USA.

That leaves Donald Trump. He has steamrolled low quality competition. He looks to be the winner at this time.

It appears to many voters including Marco Rubio that Donald Trump is, as Rubio has stated, a con man. Some have questioned whether Trump is on steroids and testosterone.

Trump makes deals. What deal did he make with Chris Christie?

It is almost certain that Christie's support of Trump will get him something meaningful in return.

Christie has stated that he would enforce Federal law on marijuana. His position will not change. He hates pot.

Trump is on record stating that he is pro medical marijuana.

With the Attorney General of the USA, the DEA and other powerful political figures against marijuana, especially recreational, the future of pot is clouded if Trump is elected.

It is difficult to comprehend that the party of Lincoln could be turned over to Donald Trump.
