More on the Green Rush Financial Conference

- The Green Rush Financial Conference is a unique conference. It is well planned by experienced people in the conference business. It should attract hundreds of visitors.
- The fact that it is in Washington gives it even more importance. Hands on experience and networking with people in the industry are excellent learning tools.
- The Conference targets institutional, high net worth and retail investors.
- Excellent speakers will focus on education and investment in the Medical Marijuana, Industrial Hemp and Alternative Medicine sectors.
- Alan Brockstein will be one of the featured speakers. Alan is acknowledged as the industry's leading analyst.
- Other experts include: industry specialists, health and government people, public and private companies, fund managers and people within the industry.
- <http://www.greenrushfinancialconferences.com/s/seattle-events.asp> is the URL for attending.
