HOW TO MAKE MONEY IN THE MARIJUANA STOCK MARKET THE CONTROL, REGULATE AND TAX CANNABIS ACT OF 2016 IN CALIFORNIA

There is nothing more important than following The Reform Ca legalization initiative. This legislation will be voted on by California voters in 2016. It includes decriminalization, commercial production, taxation and other issues.

Reform CA has filed the legalization initiative for California voters in 2016, with language addressing decriminalization as well as commercial production and taxation.

The act is called The Control, Regulate. And Tax Cannabis Act of 2016.

We have noted in our newsletters that so goes California, so goes important recreational issues in the USA.

The November 2016 vote is critical to the marijuana stock market.

We have said many times that if California votes for recreational, this marijuana stock market may reverse itself on the upside.

If the vote is against, I cannot see this stock market recovering from its 365 day, and YTD crash.

If the vote were taken today, pro recreational would win. There will be a strong political fight against recreational before Nov. 2016.
