HOW TO MAKE MONEY IN THE MARIJUANA STOCK MARKET THE 2016 PRESIDENTIAL ELECTION

- I read an interesting quote from Governor Christie. He said that if he is elected, he would invoke Federal law regarding Schedule 1. He also said that the citizens of Colorado should enjoy recreational marijuana until his election.
- It is food for thought in my view.
- Christie is far back in the race, commanding only about 2% popularity.
- Donald Trump is the leader. Sill he remain a viable candidate?
- Christie's position is important. One wonders what the other candidates will say and what their views will be on Federal law and Schedule 1.
- Will Christie's position will debate on the issue, and whether or not it will force other candidates from both parties to take a position on Schedule 1.
- Hillary and Bill Clinton are on record stating that they will see what happens. Obama has been a fence sitter.
- It is clearly political say nothing.
- We do not know other candidates positions at this time.
- What is most important in my view, which I have mentioned in our newsletter, is the election in California in November 2016.
- I do not see this stock market turning around without visibility from California.
- At the same time, the national presidential election could be very important as it relates to candidate's positions on this issue.
- Christie will probably not get the Republican nomination. I don't know who will.
- What is most important is each Party's platform regarding this issue.....
-if in fact it is incorporated in the platforms.
