### HOW TO MAKE MONEY IN THE MARIJUANA STOCK MARKET

#### THE DONALD TRUMP THREAT

A day before the Republican and Florida primaries, let me deviate from the cannabis industry in this newsletter.

A majority of this nation may believe that there has never been, in the history of our country, the kind of human being and threat to the USA than Donald Trump.

Trump has tapped into voter's economic frustration similar to the way that Hitler gained power in Germany in the 1930s.

The Republican establishment has started, perhaps too late, a campaign to derail Donald Trump.

I suggest to our readers watching Bill Maher's Real Time TV program. His understanding and analysis of Donald Trump is the best I have seen in the media.

Maher likens Trump University to Scientology. He has not questioned whether Trump is on steroids or testosterone.

Maher also exposes the many failures of Trump's business ventures, bankruptcies etc.

Mitt Romney has called Trump a 'phony'. Marco Rubio has labeled him as a 'con man'.

Trump's representation of bringing jobs back into the USA rings hollow to many people, but is a promise of salvation to many in the masses. It is smart politics but may be without substance.

Each industry group has its own economic reality. A blanket promise to return and create jobs to the hard pressed middle class of the USA has not been delivered with specific solutions. It may not be a reason to elect Donald Trump.

People are angry. It appears to many that Trump's appeal is to frustrated angry voter's pocket books. It is working.
