HOW TO MAKE MONEY IN THE MARIJUANA STOCK MARKET RESCHEDULING?

We have pointed out many times that this marijuana stock market would not turn around in 2016 until the California elections or if there would be a rescheduling from 1 to 2.

The election is a year off in November 2016.

My view is that if California votes for recreational, there will be pressure to reschedule.

Surprise of surprises!!

Hillary Clinton, Bernie Sanders and Donald Trump have all come out last week in favor of rescheduling.

Clinton mentions medical marijuana, not recreational marijuana.

Same with Trump.

The reality is that if the industry goes to Schedule 2, recreational will win nationally and the cannabis industry in this country will become a reality. Today it is not a real industry. It is fumbling through difficult hurdles.

But until that happens, even though November was the first good month in the marijuana stock market, the future for share prices is bleak.

I do not know why November was strong stock market wise.

I do know that the financial fundamentals of public companies have declined as the year has progressed. I see these fundamentals as becoming worse for the rest of this year and during 2016.
