## HOW TO MAKE MONEY IN THE MARIJUANA STOCK MARKET

### HAPPY HOLIDAYS TO EVERYONE

Our purpose is to provide information that will help and helps investors invest and make money in the cannabis markets.

This year has been a disaster for these markets.

I read an enormous amount of information in this industry.

**It is available to anyone.**

However, our presentation to our readers culls out the most important information as it relates to investing.

We will continue this format into the future.

The problems in this industry start with the hype.

Most of the businesses and information providers are in this industry to promote cannabis and make a buck in whatever section they are participating. Thus it is their hype and distorts reality in the industry. Beware of the hype and self dealing.

There are very serious hurdles to making this industry legitimate.

There is also good news for those who believe in cannabis, the industry and its growth.

We will continue to focus on events, information and company news that helps our readers make money in this industry.

Happy Holidays to all.

D. Paul Cohen
